Leslie's Scheduler SOP

Bridgeway 404 - Customer Scheduling & Booking

Goal Keep every qualified lead moving from inquiry to a clear next step, then to a confirmed appointment. Keep the customer informed, keep the tracker current, and never guess on price, service area, or crew availability.

1 Daily Systems

Phone + text	404-565-4216, including customer photos and videos.
Email	info@bridgeway404.com and assigned lead notifications.
Website forms	Removal quote requests and furniture assembly requests.
Lead tracker	Approved customer Google Sheet or tracker. This is the scheduling source of truth.
Crew + truck	Current weekly crew availability and truck availability when needed.

Important Do not use the current Admin Panel to schedule customer jobs. It currently tracks B2B prospects, not customer bookings or a calendar.

2 Scheduling Workflow

1. Capture the lead

Create or update the customer row with contact information, service, address, items, timing, access, source, and preferred contact method.

2. Screen the job

Check restricted items and obvious service-area issues before promising anything.

3. Match photos

Check 404-565-4216 for photos from the same number. Request them if needed to price the job.

4. Contact the customer

Respond within a few hours when possible. Confirm scope, exact address, access, requested timing, and missing details.

5. Get approved price

Use only current Bridgeway pricing guidance. Unclear, unusual, large, commercial, or off-rate jobs go to Michael or Jonathan.

6. Offer a real opening

Confirm the required crew and truck before promising a date or time. Offer a clear arrival window.

7. Book + confirm

After acceptance, complete any required deposit step, mark Booked, add to the crew calendar, and confirm in writing.

8. Handoff + close

Give the crew the full job details. After completion, mark Completed and record the final amount and notes.

3 Minimum Tracker Fields

● Name	● Phone	● Email	● Lead source	● Service
● Address	● Items	● Photos	● Access	● Timing
● Quote status	● Quoted amount	● Follow-up	● Job window	● Deposit
● Job status	● Notes

Communication & Control

Bridgeway 404 - Scheduler Standards, Scripts & Outreach

4 Non-Negotiable Rules

- Never invent a price or discount. Use approved guidance or escalate.
- Never promise a time until the required crew and truck, if applicable, are confirmed.
- Log every meaningful customer contact the same day.
- Send the accepted booking details back in writing even if the booking happened by phone.
- If the scope materially changes, the quote may change.
- If a deposit is required, use the approved payment link and current confirmation rule.
- Restricted materials, complaints, property damage, safety concerns, unusual travel, and pricing disputes go to Michael or Jonathan.

5 Follow-Up Standard

Initial response	Within a few hours whenever possible.
No response	Follow up the next business day.
Still open	Send one final follow-up about 48 hours later.
No response after final attempt	Mark Closed - No Response. Reopen immediately if the customer returns.

6 Copy-and-Send Scripts

First response

Hi [Name], this is Leslie with Bridgeway 404. I received your request for [service]. I can help get you scheduled. Please confirm the service address and send any helpful photos to this number. Also let me know about stairs, elevators, parking, or other access issues.

Quote + opening

Thanks, [Name]. Based on the information provided, your quoted price is \$[amount], assuming the scope stays as described. We currently have [date/window] available. Would you like me to reserve it for you?

Booking confirmation

You are confirmed with Bridgeway 404 for [date], with an arrival window of [time], at [address]. The job is for [scope] at a quoted price of \$[amount]. [Deposit/payment note if applicable.] Reply here if anything changes before the appointment.

Day-before reminder

Quick reminder from Bridgeway 404. You are scheduled for tomorrow during [window]. Please make sure the items and access area are ready. Reply here if anything has changed.

7 Weekly Reset + Partner Outreach

- Confirm crew availability and truck limitations before offering appointments.
- Review every Open, Waiting on Customer, Quoted, and Booked lead. Every active lead needs a next action.
- Flag jobs needing owner pricing, special equipment, unusual travel, or a larger crew.
- Confirm upcoming bookings have complete addresses, contacts, scope, photos, price, and crew assignment.

Partner outreach is also part of Leslie's weekly role.

Use the full Partner Outreach List on page 3 to begin vendor and field-service applications. Track each company as Not Started, Applied, Follow Up, or Active, and save useful contact information and onboarding requirements.

When in doubt Protect the customer experience and the schedule. Pause the promise, gather the missing information, and ask Michael or Jonathan before committing Bridgeway.

Leslie's Partner Outreach List

Bridgeway 404 - Get Started This Week

Goal: start outreach and applications to partner platforms, property managers, and field-service networks that may generate recurring cleanouts, debris removal, unit turns, moving labor, and make-ready work for Bridgeway 404.

Priority Companies To Start With This Week

- | | |
|---|---|
| ☐ 1. Lula | ☐ 6. ServiceChannel |
| ☐ 2. Lessen | ☐ 7. Safeguard Properties |
| ☐ 3. AMH Homes / American Homes 4 Rent | ☐ 8. Five Brothers |
| ☐ 4. Evernest | ☐ 9. MCS / Mortgage Contracting Services |
| ☐ 5. FirstKey Homes | ☐ 10. Cyprex |

What Leslie Should Do

- Search each company online and identify the vendor, contractor, partner, or field-service application page.
- Submit or begin the application where possible.
- Note any onboarding requirements, insurance requirements, or service-area restrictions.
- Save contact names, emails, and phone numbers for vendor relations or property operations.
- Track status as: Not Started, Applied, Follow Up, or Active.

Services To Highlight

- Junk Removal
- Cleanouts
- Debris Removal
- Unit Turns
- Moving Labor
- Furniture Removal
- Make-Ready Support
